

Active Motor Final Report

Acceptance of casting and raw materials				Observation
Sandblasting				OK
Insulation application and UT/RT status				OK
Silver Acceptance and application				Observation
Formulation tailoring				88
Conditioning of raw materials				OK
Lining				Observation
Casting UT, endoscopy and RT				OK
Liner Mechanical Properties				OK
Propellant Mechanical Properties				Observation
Interface bond strength				OK
Propellant burn rate				Observation
Mass of liner, Insulation, propellant and SRM				Observation
Remarks			15	xx1
